Block B ▶ 8:10 am (Groups 11-20)

Block D ▶ 8:30 am (Groups 31-40)

Please arrive by 7:30 am

# COVID SAFETY PLAN

This Safety Plan has been approved by the **City of Boerne** and **Covid Task Force**. This plan is subject to change, please check safety boards upon race day arrival.

### Packet Pick Up:

If at all possible, please make arrangements to pick up your packet on Thursday or Friday at the designated Packet Pick Up locations to eliminate Day of Race lines.

### Day of Race:

- Limited number of runners
- This race is chipped timed, therefore staggered start times do not make a difference on placement. Everyone is timed individually when they leave the gate and cross the finish line.
- Please come with a mask. Preferably a clear mask for our deaf & hard-of-hearing friends. Clear masks will be available at packet pick up, on our website at [aidthesilent.com/shop](https://aidthesilent.com/shop) and at merch booth day of race.
- Runners will be assigned in Groups of 10 people at their packet pick up
- **Cueing Area:**  
There will be a sign for Group #s in the plaza. Please be in your Group # for warm up as well as cueing 10 minutes before your race time.
- **Start times will be staggered into Four Blocks:**  
Block A - 8:00 am (Group 1-10)  
Block B - 8:10 am (Groups 11-20)  
Block C - 8:20 am (Groups 21-30)  
Block D - 8:30 am (Groups 31-40)
- Runners will line up in their Group #. Each Group will be 6 feet apart. Each Block will have staggered starts.
- Please wear mask until you are out of the gate and then masks can be removed when safely distanced from other runners around you.

### Safety Mangers | Safety Captains & Stations

- There will be two Safety Managers floating the event - one will be fluent in ASL
- Each Block will have two Safety Captains (one will be fluent in ASL) and will be identified by a specific colored shirt. These Safety Captains will be assisting on taking Groups from the cueing area to race start. Each Group will be lined up 6 feet from the line behind them and will have staggered starts even within their Block.
- There will be 4 Safety Stations with Covid information, hand sanitizers and available throw away masks.

### Chip Timed:

This year ATS is using disposable chips that will be applied to your bib prior. No chip pick up is required.

### Vendors & Sponsors

- **Attendees, Vendors and Sponsors** - please wear masks while on the grounds when social distancing is not possible.
- **All Vendor and Sponsor booths** will be placed a minimum of 8 feet apart. Please look for your name for set up on signs. You do not need to check in. Please find name and set up.
- **Anyone** working in a booth **MUST HAVE** clear mask. Please make prior arrangements for your staff to have them. If you do not have a clear mask, we ask that you position yourself 6 feet back and lower your mask when speaking with our deaf and hard-of-hearing friends.
- **Vendors & Sponsors** - please limit amount of staff members in your booth
- **Vendors & Sponsors** - please bring wipes to use in between visitors if they are touching product as well as hand sanitizer.

### Awards:

Awards will be announced at 10:00 am. Please return to your Group # for Awards ceremony. You do not need to be present to receive award and will be contacted by email the following week about mailing your medal to you.

### Deaf & Hard of Hearing Medals:

We will be giving deaf and hard-of-hearing medals. We will ask deaf/HOH to line up six feet apart around the plaza and staff will come down the line and give you the medal. There will be NO group picture this year. We ask that you take a picture of you in your medal and tag us at Aid the Silent as well as #ATS5k

### ATTENTION:

If you have fever or Covid like symptoms, please do not come in person. If you are high risk, please choose our virtual option for running. You can email [info@aidthesilent.com](mailto:info@aidthesilent.com) if you would prefer to move to a virtual runner.
